UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20546

FORM 6-K

REPORT OF FOREIGN PRIVATE ISSUER PURSUANT TO RULE 13a-16 OR 15d-16
UNDER THE SECURITIES EXCHANGE ACT OF 1934

For the month of November, 2018

Commission File Number: 333-221916

Corporación América Airports S.A.

(Name of Registrant)

4, rue de la Grève
L-1643, Luxembourg
Tel: +35226258274
Fax: +35226259776

(Address of Principal Executive Office)

Indicate by check mark whether the registrant files or will file annual reports under cover of Form 20-F or Form 40-F.

Form 20-F Form 40-F

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1):

Note: Regulation S-T Rule 101(b)(1) only permits the submission in paper of a Form 6-K if submitted solely to provide an attached annual report to security holders.

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7):

Note: Regulation S-T Rule 101(b)(7) only permits the submission in paper of a Form 6-K if submitted to furnish a report or other document that the registrant foreign private issuer must furnish and make public under the laws of the jurisdiction in which the registrant is incorporated, domiciled or legally organized (the registrant's "home country"), or under the rules of the home country exchange on which the registrant's securities are traded, as long as the report or other document is not a press release, is not required to be and has not been distributed to the registrant's security holders, and, if discussing a material event, has already been the subject of a Form 6-K submission or other Commission filing on EDGAR.

INFORMATION CONTAINED IN THIS FORM 6-K REPORT

Our subsidiary in Argentina, Aeropuertos Argentina 2000 S.A. ("AA2000"), files quarterly financial statements (both on a consolidated and individual basis) in accordance with the accounting framework established by the Comisión Nacional de Valores ("CNV") and other periodic reports and notices in Spanish with the CNV in Argentina because certain of its debt securities are subject to the public offering regime in Argentina. All such reports and notices are available at the website of the CNV (<http://www.cnv.gob.ar>). AA2000 also files quarterly consolidated and individual financial statements in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board ("IASB") in English to the Luxembourg Stock Exchange on which these debt securities are listed and to the trustee under the indenture governing these debt securities. We are furnishing the information under cover of this Form 6-K to make this information available to the holders of our common shares.

This Form 6-K contains a free translation into English of the stand-alone condensed consolidated interim financial statements for the nine months ended September 30, 2018 of AA2000 (the "AA2000 Consolidated Financial Statements") as well as the stand-alone condensed individual interim financial statements for the nine months ended September 30, 2018 of AA2000 (the "AA2000 Individual Financial Statements" and jointly with the AA2000 Consolidated Financial Statements, the "AA2000 Financial Statements") that have been made publicly available in Argentina in Spanish. The AA2000 Financial Statements, which have been prepared in accordance with the accounting framework established by the CNV, which is based on the application of the International Financial Reporting Standards ("IFRS") and, in particular, of the International Accounting Standard 34 "Interim Financial Information" ("IAS 34"), with the only exception of application of the International Accounting Standard 29 "Financial Reporting in Hyperinflationary Economies" ("IAS 29"), which was excluded by the CNV from its accounting framework, are presented in Argentine pesos and were reviewed in accordance with International Standards on Auditing as approved by the International Auditing and Assurance Standards Board (IAASB).

There are certain differences between the AA2000 Consolidated Financial Statements and the consolidating information for the Argentine segment included in the consolidated financial statements of Corporación América Airports S.A. ("CAAP"), such as AA2000's own transition date to IFRS, its reporting currency and the application of IAS 29, among others.

As a result, the AA2000 Financial Statements contained in this Form 6-K are for informational purposes only and not comparable to the financial information included in the Argentine segment in the consolidated financial statements of CAAP to be included in our annual report on Form 20-F and that will consolidate the results of operations and financial condition of all our subsidiaries. Furthermore, neither the AA2000 Consolidated Financial Statements nor the AA2000 Individual Financial Statements should be construed as any indication of how our Argentina segment information will be presented in the consolidated financial statements of CAAP.

Exhibits

Exhibit No.	Description
99.1	Free translation into English of AA2000 Condensed Consolidated Interim Financial Statements for the nine months ended September 30, 2018.
99.2	Free translation into English of AA2000 Condensed Individual Interim Financial Statements for the nine months ended September 30, 2018.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

Date: November 7, 2018

Notes to the Condensed Consolidated Interim Financial Statements

At September 30, 2018 presented in comparative format

NOTE 1 – COMPANY ACTIVITIES

Aeropuertos Argentina 2000 S.A. (“AA2000” or the “Company”) was incorporated in the Autonomous City of Buenos Aires on January 28, 1998, after the consortium of companies won the national and international bid for the concession rights for the use, management and operation of the “A” Group of the Argentine National Airport System. “A” Group includes 33 airports that operate in Argentina (the “Concession”)

The Concession was granted pursuant to the concession agreement the Company entered into with the Argentine National Government on February 9, 1998, as subsequently amended and supplemented by the memorandum of agreement the Company entered into with the Argentine National Government on April 3, 2007 (the “Memorandum of Agreement”). We refer to the concession agreement as amended and supplemented by the Memorandum of Agreement as the “Concession Agreement”.

The Concession is for an initial period of 30 years through February 13, 2028. The Company may extend the term of the Concession for an additional period of up to 10 years. The Company has made a formal request to the National Airports Regulatory Organization (*Organismo Regulador Del Sistema Nacional de Aeropuertos*) (the “ORSNA”) to extend the term of the Concession for the additional 10-year period ending February 13, 2038. The Company can provide no assurance that the Argentine National Government will grant the request or on what conditions.

In addition, under the terms of the Concession Agreement, the Argentine National Government has the right to buyout the Concession as of February 13, 2018, and if such right is exercised, it is required to pay the Company a compensation.

As from July 24, 2012 The Company has become responsible for the management of the operation of Termas de Rio Hondo airport. On March 21, 2013, the National Executive Branch through Decree N° 303/2013, ratified the incorporation of the airport to the National Airport System, its inclusion into the “A” Group at September 30, 2018 is still pending.

Likewise and in order to be able to continue with the policies related to the expansion of the aviation market, the National State issued Decree No. 1092/17 on December 22, 2017 by which it incorporated the Palomar Airport, located in the Province of Buenos Aires. Aires, to the National Airport System.

In order to incorporate the said Airport into "Group A", on December 27, 2017 the National Government issued Decree No. 1107/17.

Notes to the Condensed Consolidated Interim Financial Statements

At September 30, 2018 presented in comparative format (Contd.)

NOTE 1 – COMPANY ACTIVITIES (Contd.)

As a result, as of such date, the Company is responsible for the exploitation, administration and operation of Palomar Airport under the terms set forth in the Concession Contract approved by Decree No. 163/97 and the Adjustment Agreement Act of the Concession Contract approved by Decree No. 1799/07.

The current note to the condensed consolidated interim financial statements does not reflect all the information requested in the annual financial statements as there are no significant differences. It should be read together with the accounting statements audited for the year ended at December 31, 2017.

NOTE 2 - BASIS FOR CONSOLIDATION

The consolidated financial statements include the assets, liabilities and results of the following controlled companies (hereafter the Group):

Controlled (1)	Number of common shares	Participation in capital and possible votes	Book entry	Net	
			value at 09.30.18	Shareholders 'equity at closing	Income for the period
			\$		
Servicios y Tecnología Aeroportuarios S.A. (2)	14,398,848	99.30%	21,119,638	21,267,897	1,753,561
Cargo & Logistics SA.	5,566,259	98.63%	2,717,826	2,755,492	(1,276,716)
Paoletti América S.A.	6,000	50.00%	15,526	31,051	0
Texelrío S.A. (3)	84,000	70.00%	54,852,625	76,646,607	36,122,125
Villalonga Furlong S.A (4)	123,700	1.46%	73,209	5,030,323	(1,297,208)

- (1) Companies incorporated in Argentina.
- (2) Includes adjustments under IFRS for the preparation and presentation of the corresponding financial statements.
- (3) Shareholders Equity includes 4,000,000 of preferred shares.
- (4) The Company directly and indirectly owns 98.42% of the capital stock and votes of this entity.

The accounting policies of the subsidiaries have been modified, where necessary, to ensure consistent application with the Group's accounting policies.

Notes to the Condensed Consolidated Interim Financial Statements

At September 30, 2018 presented in comparative format (Contd.)

NOTE 2 - BASIS FOR CONSOLIDATION (Contd.)

AA2000 holds 99.3% of the shares of Servicios y Tecnología Aeroportuarios S.A. (Sertear), which purpose is to manage and develop activities related to duty-free zones, import and export operations, exploit and manage airport-related services, provide transportation services (both passenger and cargo), and warehouse usage services.

AA2000 owns 98.63% of the capital stock of Cargo y Logística S.A., holder of 98.42% of the shares of Villalonga Furlong S.A. Villalonga Furlong S.A. is the holder of Class "B" shares of Empresa de Cargas Aéreas del Atlántico Sud S.A., under liquidation, representing 45% of its capital stock. The remaining 55% of the capital stock, (the Class "A" shares) are owned by the Argentine National Government - Ministry of Defense. Empresa de Cargas Aéreas del Atlántico Sud S.A. (which, as of the date of these consolidated financial statements, is under liquid proceedings as a result of the application of the provisions of Section 94 subsection 2 of Commercial Law 19550) was the concessionaire of the exploitation and provision of international air cargo storage, stowage and warehouse services until June 30, 2009. As from that date the services in charge of Empresa de Cargas Aéreas del Atlántico Sud S.A. are performed by AA2000 in accordance with the Bidding Terms and Conditions of the AA2000 concession agreement.

The Company holds 50% of the capital stock and votes of Paoletti América S.A. Pursuant to shareholder agreements, AA2000 is in charge of the administration of Paoletti America S.A, and also appoints the Chairman of the Board of Directors, who, in accordance with the corporate by-laws, has a double vote in case of a tie voting. Therefore, the Company has consolidated the assets, liabilities and results of Paoletti América S.A.

In addition, the Company holds 70% of the capital and votes of Texelrio S.A. whose corporate purpose is, among others, to develop, operate and manage all types of services related to park and airport maintenance.

Aeropuertos Argentina 2000 S.A.

Registration number with the Superintendency of Corporations: 1645890

Notes to the Condensed Consolidated Interim Financial Statements

At September 30, 2018 presented in comparative format (Contd.)

NOTE 3 – ACCOUNTING POLICIES

The Condensed Consolidated Interim Financial Statements are presented in Argentine Pesos, except when specifically indicates otherwise. The Board of Directors of the Company approved these statements on November 5, 2018.

The National Security Commission (CNV) through Technical Resolutions N° 562/09 and 576/10 has established the application of Technical Resolutions N° 26 and 29 of the Argentine Federation of Professional Council in Economic Sciences which adopts the application of IFRS (International Financial Reporting Standards) issued by the IASB (International Accounting Standards Board), for those entities under the public offering regime Law N° 17.811, whether due to capital stock or corporate bonds or because they have requested authorization to list for trading on stock exchanges.

In turn, in Art.3 of the aforementioned CNV regulations, it is established that "The entities subject to the control of the Commission may not apply the method of restating financial statements in homogeneous currency".

Application of those standards is mandatory for the Company as from the fiscal year beginning on January 1 2012. Therefore, the transition date, as established in the IFRS 1 "First Time Adoption of the IFRS" was January 1, 2011.

These Condensed Consolidated Interim Financial Statements of the Company have been prepared in accordance with the accounting framework established by the CNV. This accounting framework is based on the application of the IFRS and Interpretations of the IFRIC (IFRIC for its acronym in English), and in particular of the International Accounting Standard 34 "Intermediate Financial Information" (IAS 34), with the only exception of application of the International Accounting Standard 29 (IAS 29), which was excluded by the CNV from its accounting framework.

These accounting policies have been consistently applied to all the periods presented. Unless otherwise stated.

The current Condensed Consolidated Interim Financial Statements have not been audited and should be read together with the Consolidated Financial Statements of the Company at December 31, 2017. The results of the nine-month periods ended at September 30, 2018 and 2017 do not necessarily reflect the proportion of the results of the Company for the full year.

NOTE 3 – ACCOUNTING POLICIES (Contd.)

1) Comparative Information

The information at September 30, 2017 and December 31, 2017 included in these Condensed Consolidated Interim Financial Statements for comparative purposes, was extracted from the Financial Statements of AA2000 as of that date, and timely approved by the Company Board of Directors and Shareholders.

Certain figures in the financial statements for the period ended at September 30, 2017 have been reclassified for the purpose of comparative presentation, in relation to the revenues from the Strengthening Trust (\$227,697,171), included in the revenue item which have been reclassified to the item Other Net Income and Expenses in the Statement of Consolidated Comprehensive Income. Said reclassification does not affect the exposed equity balances.

In turn, certain transactions have been reclassified in the Cash Flow Statement that were exposed in 2017 within the operating activities (Release of restricted cash and certain interests) that were reclassified to financing activities.

2) Accounting Policies

The accounting policies applied to these Condensed Consolidated Interim Financial Statements are consistent with those used in the Individual Financial Statements ended at December 31, 2017.

3) Controlled

Controlled Companies are all the entities where the Company has the power to control operating and financial policies, generally with a controlling share over 50%. At the time of determining if the Company controls an entity, the existence and the impact of potential voting rights that could be exercised or converted are taken into account. The controlled companies are consolidated as from the date the control is transferred and excluded from the date such control ceases. The Company controls an entity when the group is exposed to, or has the rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The subsidiaries are consolidated as from the date control is transferred to the Company. They are deconsolidated from the date that control ceases. (See Note 2).

NOTE 3 – ACCOUNTING POLICIES (Contd.)

4) Segment Information

The Company is managed as a single unit, considering all airports as a whole. It does not evaluate the performance of the airports on a standalone basis. Therefore, for the purposes of segment information, there is only one business segment.

The Argentine National Government granted the Company the concession of the “A” Group airports of the National Airports System under the basis of “cross-subsidies”: i.e., the income and funds generated by some of the airports should subsidize the liabilities and investments of the remaining airports, in order for all airports to be compliant with international standards as explained below.

All airports must comply with measures of operative efficiency that are independent from the revenues and funds they generate. All works performed must follow international standards established by the respective agencies (IATA, OACI, etc.).

Revenues of AA2000 are comprised by non-aeronautical revenues and aeronautical revenues; the latter being the tariffs determined by the ORSNA and regulated on the basis of the review of the Financial Projection of Income and Expenses in order to verify and preserve the "equilibrium" of the variables on which it was originally based.

The investment decisions are assessed and made with the ORSNA based on the master plans of the airports considering the needs of each airport based on expected passenger flow and air traffic, in the framework of the standards previously mentioned.

5) Estimates

The preparation of financial statements in accordance with IFRS requires the use of estimates. It also requires management to exercise its judgment in the process of applying the Group accounting policies.

In the preparation of these Consolidated Financial Statements the significant areas of judgement by management in the application of the Group accounting policies and the main areas of assumptions and estimates are consistent with those applied in the Financial Statements for the year ended December 31, 2017.

NOTE 3 – ACCOUNTING POLICIES (Contd.)

6) Foreign currency translation

Functional and presentation currency

Items included in the financial statements are measured using the corresponding functional currency i.e the currency of the primary economic environment in which the entity operates. The functional currency of the Company is the Argentine peso, which is also the presentation currency of the consolidated financial statements.

IAS 29 "Financial information in hyperinflationary economies" requires that the financial statements of an entity whose functional currency is that of a hyperinflationary economy be expressed in terms of the current unit of measurement at the closing date of the reporting period, regardless of whether they are based on the historical cost method or the current cost method. To this end, in general terms, the inflation produced from the date of acquisition or from the revaluation date, as applicable, must be computed in the non-monetary items. These requirements also include the comparative information of the financial statements.

In order to conclude on whether an economy is categorized as hyperinflationary in the terms of IAS 29, the standard details a series of factors to be considered, including the existence of a cumulative inflation rate in three years that approximates or exceeds 100%. Considering a significant increase in inflation during 2018, that also the accumulated inflation rate of the last three years exceeds 100% and that the rest of the indicators do not contradict the conclusion that Argentina should be considered as a hyperinflationary economy for accounting purposes, the Management understands that there is sufficient evidence to conclude that Argentina is a hyperinflationary economy under the terms of IAS 29, as of July 1, 2018. Due to this, in accordance with IAS 29, after that date, the financial statements should be restated.

Notes to the Condensed Consolidated Interim Financial Statements

At September 30, 2018 presented in comparative format (Contd.)

NOTE 3 – ACCOUNTING POLICIES (Contd.)

6) Foreign currency translation (Contd.)

In turn, on September 29, 2018, the FACPCE issued resolution 539/18, which stipulates that it will be appropriate to apply the adjustment for inflation in the financial statements whose closures occur as of July 1, 2018. However, and considering that the application of the integral adjustment for inflation requires efforts from different actors (training, modification of computer systems, search for information, definition of certain conceptual aspects by the profession, and others), provided that the entity may opt, for only once, for not adjusting for inflation the financial statements corresponding to the annual periods closed between July 1, 2018 and December 30, 2018 or the financial statements corresponding to interim periods closed in the same period (as is the case of the present financial statements). Also, among other provisions, resolution 539/18 also establishes the replacement of the adjustment index for the determination of the restatement coefficient, substituting the IPIM for a coupling between the IPIM and the National Consumer Price Index (CPI).

However, it must be taken into account that at the time of issuance of these financial statements, Decree PEN 664/03 is in force, which does not allow the presentation of restated financial statements before the CNV. Therefore, the Company has applied for the preparation of such financial statements, the accounting presentation bases described in the first point of this Note.

In an inflationary period, any entity that maintains an excess of monetary assets over monetary liabilities will lose purchasing power, and any entity that maintains an excess of monetary liabilities over monetary assets will gain purchasing power, provided that such items are not subject to a mechanism of adjustment.

Briefly, the restatement mechanism of IAS 29 establishes that monetary assets and liabilities will not be restated since they are already expressed in the current unit of measurement at the end of the reporting period. Assets and liabilities subject to adjustments based on specific agreements will be adjusted in accordance with such agreements.

The non-monetary items measured at their current values at the end of the reporting period, such as the net realization value or others, do not need to be restated. The remaining non-monetary assets and liabilities will be restated by a general price index. The loss or gain from the net monetary position will be included in the net integral result of the reporting period, revealing this information in a separate line item.

Aeropuertos Argentina 2000 S.A.

Notes to the Condensed Consolidated Interim Financial Statements

At September 30, 2018 presented in comparative format (Contd.)

NOTE 3 – ACCOUNTING POLICIES (Contd.)

6) Foreign currency translation (Contd.)

The Company is carrying out the necessary actions to implement the application of the adjustment for integral inflation which requires efforts on various issues, such as training, certain modifications to the systems, search for historical information, among other relevant issues. Management understands that these actions will be concluded with the issuance of the next financial statements.

As of September 30, 2018, the restatement criteria of the financial information established in IAS 29 have not been applied. However, in recent years certain macroeconomic variables that affect the Company's businesses, such as salary costs and prices of inputs, have undergone annual variations of some importance. This circumstance must be considered in the evaluation and interpretation of the financial situation and the results presented by the Company in these financial statements.

Transactions and balances

Transactions in foreign currency are translated into the functional currency using the exchange rates prevailing at the transaction dates (or valuation where items are re-measured).

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end of the assets and liabilities denominated in foreign currency are recognized in the statement of comprehensive income.

Foreign exchange gains and losses are shown in “Finance Income” and/or “Finance Expense” of the statement of income.

Exchange rates used are the following: buying rate for monetary assets and selling rate for monetary liabilities, applicable at year-end according to Banco Nación, and at the foreign currency exchange rate applicable at the transaction date.

7) Contingencies

The Company has contingent liabilities for litigations related to the ordinary course of business. No significant liability is expected to arise from contingent liabilities different from the reserved ones.

NOTE 3 – ACCOUNTING POLICIES (Contd.)

8) Changes in accounting policies

a) New rules and modifications adopted by the Company

The following standards and modifications have been adopted by the Company for the nine-month period ended September 30, 2018:

IFRS 9, "Financial Instruments"

The Group adopted IFRS 9 issued in July 2014, which resulted in changes in accounting policies and adjustments to the figures recognized in the Consolidated Financial Statements for the year ended December 31, 2017.

This standard replaces the previously issued versions and establishes new requirements for hedge accounting and a new impairment model for financial assets, applicable to annual periods beginning on or after January 1, 2018.

The new impairment model requires the recognition of provisions for impairment based on the expected credit losses, instead of credit losses incurred under IAS 39.

The accounting policies were modified to comply with IFRS 9 issued by the IASB in July 2014.

IFRS 9 replaces the provisions of IAS 39 that relate to the recognition, classification and measurement of financial assets and financial liabilities; decreases in financial instrument accounts; impairment of financial assets and hedge accounting. IFRS 9 also significantly modifies other standards related to financial instruments such as IFRS 7 Financial Instruments: Disclosures.

As permitted by the transitional provisions of IFRS 9, the Group has chosen not to change the comparative figures.

The total impact on the accumulated results of the Group due to the classification and measurement of financial instruments as of January 1, 2018 is as follows:

Accumulated results as of December 31, 2017 - IAS 39	2,684,484,995
Decrease in the allowance for bad debts, net	54,054,111
Accumulated results as of January 1, 2018 - IFRS 9	2,738,539,106

Aeropuertos Argentina 2000 S.A.

Notes to the Condensed Consolidated Interim Financial Statements

At September 30, 2018 presented in comparative format (Contd.)

NOTE 3 – ACCOUNTING POLICIES (Contd.)

8) Changes in accounting policies (Contd.)

- IFRS 15 "Revenue from ordinary activities from contracts with customers"

Management evaluated the effects of the application of the new standard and has not identified that the application of IFRS 15 may affect the timing of recognition of future income of the Company.

There were no other additional changes in the accounting policies of the Company based on the effective application standards as of January 1, 2018 described above.

- b) *New standards and amendments issued, but which do not result in effective application as of September 30, 2018 and have not been adopted by the Company*

IFRS 16 "Leases"

In January 2016, the IASB issued IFRS 16 "Leases", which establishes new principles for the recognition, measurement, presentation and presentation of lease contracts, highlighting the elimination of the operational and financial classification established by IAS 17 and the adoption, in its replacement of a treatment similar to that provided to financiers under said rule, for all lease agreements. These contracts must be disclosed as leased assets (assets with a right to use) or within fixed assets at the present value of the lease payments. If the Company makes periodic payments, it must additionally recognize a financial liability that represents the obligation to make future payments for the lease. IFRS 16 does not require the lessee to recognize assets and liabilities in the case of short-term leases or leases of low-value assets. The application of these new requirements will result in an increase in lease assets and financial liabilities recognized in this type of transaction. This standard is applicable to annual periods beginning on or after January 1, 2019, allowing early application if IFRS 15 is applied.

The Company has no intention of adopting this standard in advance.

Net Balance at September 30	<u>16,736,979,061</u>	<u>7,000,295,652</u>

On February 6, 2017, the Company issued negotiable obligations for US\$400,000,000 with maturity on February 1, 2027, with an interest rate of 6.875% and an issue price of 99.888% par value. Payment of principal will have a quarterly amortization in 32 quarters, identical and consecutive, payable from May 1, 2019.

These negotiable obligations are guaranteed by a Trust under the Argentine Law, by which the Company has transferred and assigned use fees of international and regional airports and the Concession Indemnification Rights. This guarantee has been approved by the ORSNA on January 17, 2017, through Resolution N° 1/2017, that resolved to “authorize the Concession (...) a collateral assignment of up to US\$ 400,000,000 (...)”.

NOTE 6 – BORROWINGS (Contd.)

According to the Offering Memorandum of Negotiable Obligations, dated January 19, 2017 and later modified on January 23, 2017 the Company will use the proceeds of the offering notes in compliance with Article 36 of the Negotiable Obligations Law to (i) refinance the liabilities of the Company including (a) the total payment of negotiable obligations issued on December 22, 2010; and (b) negotiable obligations Class “A” and Class “C”, issued by the Company in Argentina on April 21, 2010, plus accrued and unpaid interest to the date of redemption and the applicable prepayment premiums as long as they have not been redeemed before issue date and maturity with the Company’s funds and (ii) the remainder will be applied to finance infrastructure works in the airports of Group A of the Company. On January 23, 2017, the negotiable obligations issued in April 2010 were redeemed in full with the Company’s own funds, so the amount equivalent to the mentioned redemption will be aimed at infrastructure works in the airports of the Company belonging to Group “A” of the National System of Airports.

On March 13, 2017 it made an early and whole redemption of the remaining value of negotiable obligations issued in December 2010 for the amount of principal of USD 157,500,000.

On December 31, 2016 the item Cash and Cash Equivalents of the statements of Financial Position included \$ 490,566,044 to guarantee the payment of negotiable obligations valid at that date and early redeemed during the year.

On September 30, 2018, the reasonable value of negotiable obligations issued in February 2017 is of \$16,312,380,160. Such method of valuation is classified according to NIIF 13 as hierarchy of reasonable value Level 2 (quotation prices (not adjusted) in active markets for identical assets or liabilities).

NOTE 7 – BALANCES AND TRANSACTIONS WITH RELATED PARTIES (Contd.)

In connection with foreign exchange transactions related to the technical and administrative assistance agreements with Corporación América Sudamericana and Ogden Corporation, on November 23, 2012 The Company was notified of a foreign exchange summon initiated by the Banco Central de la República Argentina (Central Bank of the Argentine Republic or BCRA) regarding compliance with the existing legislation. On February 4, 2013, AA2000 presented defense procedures to the BCRA rejecting the allegations of such entity. In July 2016, sentence was passed favorable to the Company, non-appealable at the time of presentation of these financial statements.

In June 2016, the Company received a determination from the Federal Administration of Public Revenue (AFIP) objecting the abovementioned items corresponding to the fiscal years 2009 to 2012 resulting in a claim for unpaid income tax based on considering those foreign exchange transactions as undocumented payments. On August 3, 2016, the Company appealed the mentioned determinations to the Argentine Tax Court.

Although the Company considers it has solid arguments to demonstrate the authenticity of the management and administrative services provided by Corporación América Sudamericana S.A., it decided to enter the Extraordinary Tax Law to regularize tax obligations established by Law N° 27.260. According to the Law, benefits of adhesion consist in the suspension of ongoing tax actions, extinction of the criminal tax action, remission of fines and other penalties non executable at the time of adhesion and reduction of interest. The corresponding debt for this item is registered in commercial accounts payable and others, current and non-current.

Corporación America S.A. is the direct owner of 45.90% of the common shares of the Company, and an indirect owner through Corporación America Sudamericana S.A of 29.75% of the common shares of the Company, therefore is the immediate controlling entity of the Company.

Corporación America S.A is controlled by Cedikor S.A, which is the owner of the 95.37% of its capital stock. Cedikor S.A is 100% controlled by American International Airports LLC which is 100% controlled by Corporación America Airports S.A.

The ultimate beneficiary of the Company is Southern Cone Foundation. Its purpose is to manage its assets through decisions adopted by its independent Board of Directors. The potential beneficiaries are members of the Eurnekian family and religious, charitable and educational institutions.

NOTE 16 – EARNINGS PER SHARE

The Shareholders' General Extraordinary Meeting held on March 6, 2008, approved by the ORSNA on April 25, 2008, earnings per share is calculated as net income for the year less accrued preferred shares dividends for the year, divided by the number of common shares.

	09.30.2018	09.30.2017
Income for the period, net accrued dividends	(1,056,867,321)	1,950,536,457
Amount of common shares	258,517,299	258,517,299
Earnings per shares	(4,0882)	7,5451

NOTE 17- FINANCIAL RISK MANAGEMENT

The Group is exposed by its activities to several financial risks: market risk (including risk of exchange rate, risk of fair value due to interest rate and price risk), credit risk and liquidity risk.

These Condensed Consolidated Interim Financial Statements do not include all the information on financial risk management requested in the annual financial statements, thus they should be read together with the financial statements audited at December 31, 2017.

There have been no changes in the risk management policies since the last yearly closing.

Aeropuertos Argentina 2000 S.A.

Condensed Consolidated Interim Financial Statements

At September 30, 2018 presented in comparative format
Summary of Information required by Resolution N ° 368/01
of the National Securities Commission

Presentation base

The information contained in this Summary has been prepared in accordance with Resolution No. 368/01 of the National Securities Commission ("CNV") and should be read in conjunction with the Condensed Consolidated Interim Financial Statements at September 30, 2018 presented in comparative format and the Consolidated Financial Statements as of December 31, 2017 presented in comparative format, prepared in accordance with IFRS standards.

1. General considerations

International Financial Reporting Standards (IFRS)

The National Securities Commission ("CNV"), through General Resolutions No. 562/09 and 576/10, has established the application of Technical Resolutions No. 26 and 29 of the Argentine Federation of Professional Councils of Economic Sciences, which they adopt IFRS (IFRS), issued by the International Accounting Standards Board (IASB), for entities included in the public offering regime of Law No. 17,811, either for their capital or for their negotiable obligations, or who have requested authorization to be included in the aforementioned regime.

The application of such standards is mandatory for the Company as of the fiscal year beginning on January 1, 2012.

- Seasonality

The Company's revenues are highly influenced by the seasonality of air traffic in Argentina. The traffic of planes and passengers and, consequently, the income of the Company are higher during the summer and winter months (December - February and July - August), basically because they are holiday periods.

Condensed Consolidated Interim Financial Statements

At September 30, 2018 presented in comparative format
Summary of Information required by Resolution N ° 368/01
of the National Securities Commission

Perspectives for 2018

In the nine months of this fiscal year, the company's passenger traffic had a very good evolution reaching 28.5 million, of which 17.3 million were domestic passengers and 11.1 million were international passengers, with growths of 11.5% in domestic and 2.2% in international compared to the previous year. In total, passenger traffic grew 7.7% compared to the same period of the previous year.

This evolution is part of the plans of the National Government to encourage increased passenger traffic allowing significant improvements in air connectivity across the country, consolidating the recovery of foreign visitors, which reached record levels in the quarter.

It should be noted that, after the jump in the exchange rate occurred in June, international traffic began to decline at interannual rates of between -5% and -10%, while domestic traffic accelerated the growth that had been evident in the first months of the exercise. The prospects for the evolution of domestic passenger traffic are positive due to the opening of new routes and the start of operations of several low-cost companies.

During the first nine months of this year, the Company made investments for \$3,285 million. To this amount, it must be added the payments to the trusts of specific allocation for works for \$794 million.

As regards to the execution of investments in infrastructure, we make reference to what is expressed in note 1 of this Summary.

**REPORT ON REVIEW OF CONDENSED CONSOLIDATED INTERIM
FINANCIAL STATEMENTS**

To the Shareholders, Chairman and Directors of
Aeropuertos Argentina 2000 S.A.
Legal address: Suipacha 268 - Floor 12°
Autonomous City of Buenos Aires
Tax Code: 30-69617058-0

Introduction

We have reviewed the accompanying condensed consolidated interim financial statements of Aeropuertos Argentina 2000 S.A. and its subsidiaries ("the Company"), including the consolidated statement of financial position as at September 30, 2018, the consolidated statement of comprehensive income for the nine and three months periods ended September 30, 2018 and the consolidated statements of changes in shareholders' equity and of cash flows for the nine-month period then ended and the selected explanatory notes.

The balances and other information for the year 2017 and for the interim periods are an integral part of these financial statements and, therefore, they should be considered in relation to those financial statements.

Board Responsibility

The Company's Board of Directors is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with the accounting framework established by the National Securities Commission (CNV). As indicated in note 3 to the accompanying financial statements, this accounting framework is based on the application of the International Financial Reporting Standards (IFRS) and, in particular, of the International Accounting Standard 34 "Interim Financial Information" (IAS 34). These standards are adopted by the Argentine Federation of Professional Councils in Economic Sciences (FACPCE) and were used in the preparation of the financial statements with the only exception of application of the International Accounting Standard 29 (IAS 29), which was excluded by the CNV from its accounting framework.

Scope of review

Our review was limited to the application of the procedures established in the International Standard on Review Engagements 2410, 'Review of interim financial information performed by the independent auditor of the entity', which was adopted as review standard in Argentina by Technical Pronouncement No. 33 of the FACPCE, as approved by the International Auditing and Assurance Standard Board (IAASB). A review of interim financial information consists of making inquiries to the company personnel responsible for the preparation of the information included in the condensed consolidated interim financial statements and in the performance of analytical and other review procedures. This review is substantially less in scope than an audit conducted in accordance with International Auditing Standards, and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on the consolidated statement of financial position, the consolidated statements of comprehensive income and cash flows of the Company.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated interim financial statements mentioned in the first paragraph, have not been prepared, in all material respects, in accordance with the accounting framework established by the CNV.

Emphasis of matter

Without qualified or conclusion, we draw attention to Note 3.1 to the accompanying condensed consolidated interim financial statements, which describes that the Company has restated the comparative figures corresponding to the period ended on September 30, 2017.

Likewise, we draw attention to note 3.6 to the accompanying consolidated condensed interim financial statements, which qualitatively describes the difference between the accounting information framework of the CNV and the IFRS, considering that the application of IAS 29 was excluded by CNV from its accounting framework.

Report on the compliance with current regulations

In accordance with current regulations, in connection with Aeropuertos Argentina 2000 S.A., we report that:

- a) the condensed consolidated interim financial statements of Aeropuertos Argentina 2000 S.A. have been transcribed into the “Inventory and Balance Sheet” book and, insofar as concerns our field of competence, are in compliance with the provisions of the General Corporations Law and pertinent resolutions of the National Securities Commission;
- b) the separate condensed individual interim financial statements of Aeropuertos Argentina 2000 S.A. stem from accounting records kept, in all formal aspects in conformity with legal regulations;
- c) we have read the business highlights, about which, insofar as concerns our area of competence, we have no significant observations to make;

“Free translation from the original in Spanish for publication in Argentina”

d) as of September 30, 2018, Aeropuertos Argentina 2000’s accrued debt with the Argentine Social Security System, which stems from the accounting records and liquidations of the Company, amounted to \$49,336,413, which was not yet due at that date.

Autonomous City of Buenos Aires, November 5, 2018.

Aeropuertos Argentina 2000 S.A.

Registration number with the Superintendency of Corporations: 1645890
Notes to the Separate Condensed Individual Interim Financial Statements
At September 30, 2018 presented in comparative format

NOTE 1 – COMPANY ACTIVITIES

Aeropuertos Argentina 2000 S.A. (“AA2000” or the “Company”) was incorporated in the Autonomous City of Buenos Aires on January 28, 1998, after the consortium of companies won the national and international bid for the concession rights for the use, management and operation of the “A” Group of the Argentine National Airport System. “A” Group includes 33 airports that operate in Argentina (the “Concession”)

The Concession was granted pursuant to the concession agreement the Company entered into with the Argentine National Government on February 9, 1998, as subsequently amended and supplemented by the memorandum of agreement the Company entered into with the Argentine National Government on April 3, 2007 (the “Memorandum of Agreement”). We refer to the concession agreement as amended and supplemented by the Memorandum of Agreement as the “Concession Agreement”.

The Concession is for an initial period of 30 years through February 13, 2028. The Company may extend the term of the Concession for an additional period of up to 10 years. The Company has made a formal request to the National Airports Regulatory Organization (*Organismo Regulador Del Sistema Nacional de Aeropuertos*) (the “ORSNA”) to extend the term of the Concession for the additional 10-year period ending February 13, 2038. The Company can provide no assurance that the Argentine National Government will grant the request or on what conditions.

In addition, under the terms of the Concession Agreement, the Argentine National Government has the right to buyout the Concession as of February 13, 2018, and if such right is exercised, it is required to pay the Company a compensation.

As from July 24, 2012 The Company has become responsible for the management of the operation of Termas de Rio Hondo airport. On March 21, 2013, the National Executive Branch through Decree N° 303/2013, ratified the incorporation of the airport to the National Airport System, its inclusion into the “A” Group at September 30, 2018 is still pending.

Likewise and in order to be able to continue with the policies related to the expansion of the aviation market, the National State issued Decree No. 1092/17 on December 22, 2017 by which it incorporated the Palomar Airport, located in the Province of Buenos Aires. Aires, to the National Airport System.

Aeropuertos Argentina 2000 S.A.

Registration number with the Superintendency of Corporations: 1645890
Notes to the Separate Condensed Individual Interim Financial Statements
At September 30, 2018 presented in comparative format (Contd.)

NOTE 1 – COMPANY ACTIVITIES (Contd.)

In order to incorporate the said Airport into "Group A", on December 27, 2017 the National Government issued Decree No. 1107/17.

As a result, as of such date, the Company is responsible for the exploitation, administration and operation of Palomar Airport under the terms set forth in the Concession Contract approved by Decree No. 163/97 and the Adjustment Agreement Act. of the Concession Contract approved by Decree No. 1799/07.

The current note to the separate condensed individual interim financial statements does not reflect all the information requested in the annual financial statements, as there are no significant differences. It should be read together with the accounting statements audited for the year ended at December 31, 2017.

NOTE 2 – ACCOUNTING POLICIES

The Separate Condensed Individual Interim Financial Statements are presented in Argentine Pesos, except when specifically indicates otherwise. The Board of Directors of the Company approved these statements on November 5, 2018.

The National Security Commission (CNV) through Technical Resolutions N° 562/09 and 576/10 has established the application of Technical Resolutions N° 26 , 29 and 43 of the Argentine Federation of Professional Council in Economic Sciences which adopts the application of IFRS (International Financial Reporting Standards) issued by the IASB (International Accounting Standards Board), for those entities under the public offering regime Law N° 17.811, whether due to capital stock or corporate bonds or because they have requested authorization to list for trading on stock exchanges.

In turn, in Art.3 of the aforementioned CNV regulations, it is established that "The entities subject to the control of the Commission may not apply the method of restating financial statements in homogeneous currency".

Application of those standards is mandatory for the Company as from the fiscal year beginning on January 1 2012. Therefore, the transition date, as established in the IFRS 1 "First Time Adoption of the IFRS" was January 1, 2011.

These condensed interim financial statements of the Company have been prepared in accordance with the accounting framework established by the CNV. This accounting framework is based on the application of the IFRS and Interpretations of the IFRIC (IFRIC for its acronym in English), and in particular of the International Accounting Standard 34 "Intermediate Financial Information" (IAS 34), with the only exception of application of the International Accounting Standard 29 (IAS 29), which was excluded by the CNV from its accounting framework.

Aeropuertos Argentina 2000 S.A.

Registration number with the Superintendency of Corporations: 1645890
Notes to the Separate Condensed Individual Interim Financial Statements
At September 30, 2018 presented in comparative format (Contd.)

NOTE 2 – ACCOUNTING POLICIES (Contd.)

These accounting policies have been consistently applied to all the periods presented. Unless otherwise stated.

The current Separate Condensed Individual Interim Financial Statements have not been audited and should be read together with the Consolidated Financial Statements of the Company at December 31, 2017. The results of the nine month periods ended at September 30, 2018 and 2017 do not necessarily reflect the proportion of the results of the Company for the full year.

1) Comparative Information

The information at September 30, 2017 and December 31, 2017 included in these special purpose Separate Condensed Individual Interim Financial Statements for comparative purposes, was extracted from the Financial Statements of AA2000 as of that date, and timely approved by the Company Board of Directors and shareholders.

Certain figures in the financial statements for the period ended September 30, 2017 have been reclassified for the purpose of comparative presentation, in relation to the revenues from the Strengthening Trust (\$ 227,697,171), included in the income item they have been reclassified to the item Other Net Income and Expenses in the Separate Condensed Individual Statement of Comprehensive Income. Said reclassification does not affect the exposed equity balances.

In turn, certain transactions have been reclassified in the Cash Flow Statement that were exposed in 2017 within the operating activities (Release of restricted cash and certain interests) that were reclassified to financing activities.

2) Accounting Policies

The accounting policies applied to the Separated Condensed Individual Interim Financial Statements are consistent with the Individual Financial Statements ended at December 31, 2017.

3) Controlled

Controlled Companies are all the entities where the Company has the power to control operating and financial policies, generally with a controlling share over 50%. At the time of determining if the Company controls an entity, the existence and the impact of potential voting rights that could be exercised or converted are taken into account. The controlled companies are consolidated as from the date the control is transferred and excluded from the date such control ceases.

Aeropuertos Argentina 2000 S.A.

Registration number with the Superintendency of Corporations: 1645890
Notes to the Separate Condensed Individual Interim Financial Statements
At September 30, 2018 presented in comparative format (Contd.)

NOTE 2 – ACCOUNTING POLICIES (Contd.)

The accounting policies of controlled companies have been modified, where necessary, to ensure the uniformity with the Company policies.

At September 30, 2018, AA2000 has participation in the following controlled companies (hereafter the Group):

Subsidiaries (1)	Number of common shares	Participation in capital and possible votes	Book entry value at 09.30.18	Net Shareholders 'equity at closing	Income for the period
Servicios y Tecnología Aeroportuarios S.A. (2)	14,398,848	99.30%	21,119,638	21,267,897	1,753,561

NOTE 2 – ACCOUNTING POLICIES (Contd.)

4) *Segment Information*

The Company is managed as a single unit, considering all airports as a whole. It does not evaluate the performance of the airports on a standalone basis. Therefore, for the purposes of segment information, there is only one business segment.

The Argentine National Government granted the Company the concession of the “A” Group airports of the National Airports System under the basis of “cross-subsidies”: i.e., the income and funds generated by some of the airports should subsidize the liabilities and investments of the remaining airports, in order for all airports to be compliant with international standards as explained below.

All airports must comply with measures of operative efficiency which are independent from the revenues and funds they generate. All works performed must follow international standards established by the respective agencies (IATA, OACI, etc.).

Revenues of AA2000 comprise non-aeronautical revenues and aeronautical revenues; the latter being the tariffs determined by the ORSNA and regulated on the basis of the review of the Financial Projection of Income and Expenses in order to verify and preserve the "equilibrium" of the variables on which it was originally based.

The investment decisions are assessed and made with the ORSNA based on the master plans of the airports considering the needs of each airport on the basis of expected passenger flow and air traffic, in the framework of the standards previously mentioned.

5) *Estimates*

The preparation of financial statements in accordance with IFRS requires the use of estimates. It also requires management to exercise its judgment in the process of applying the Group accounting policies.

In the preparation of these Financial Statements the significant areas of judgement by management in the application of the Company’s accounting policies and the main areas of assumptions and estimates are consistent with those applied in the Financial Statements for the year ended December 31, 2017.

NOTE 2 – ACCOUNTING POLICIES (Contd.)

6) Foreign currency translation

Functional and presentation currency

Items included in the financial statements of each of the group's entities are measured using the corresponding functional currency i.e the currency of the primary economic environment in which the entity operates. The functional currency of all group entities is the Argentine peso, which is also the presentation currency of the financial statements.

IAS 29 "Financial information in hyperinflationary economies" requires that the financial statements of an entity whose functional currency is that of a hyperinflationary economy be expressed in terms of the current unit of measurement at the closing date of the reporting period, regardless of whether they are based on the historical cost method or the current cost method. To this end, in general terms, the inflation produced from the date of acquisition or from the revaluation date, as applicable, must be computed in the non-monetary items. These requirements also include the comparative information of the financial statements.

In order to conclude on whether an economy is categorized as hyperinflationary in the terms of IAS 29, the standard details a series of factors to be considered, including the existence of a cumulative inflation rate in three years that approximates or exceeds 100%. Considering a significant increase in inflation during 2018, that also the accumulated inflation rate of the last three years exceeds 100% and that the rest of the indicators do not contradict the conclusion that Argentina should be considered as a hyperinflationary economy for accounting purposes, the Management understands that there is sufficient evidence to conclude that Argentina is a hyperinflationary economy under the terms of IAS 29, as of July 1, 2018. Due to this, in accordance with IAS 29, after that date, the financial statements should be restated.

In turn, on September 29, 2018, the FACPCE issued resolution 539/18, which stipulates that it will be appropriate to apply the adjustment for inflation in the financial statements whose closures occur as of July 1, 2018. However, and considering that the application of the integral adjustment for inflation requires efforts from different actors (training, modification of computer systems, search for information, definition of certain conceptual aspects by the profession, and others), provided that the entity may opt, for only once, for not adjusting for inflation the financial statements corresponding to the annual periods closed between July 1, 2018 and December 30, 2018 or the financial statements corresponding to interim periods closed in the same period (as is the case of the present financial statements). Also, among other provisions, resolution 539/18 also establishes the replacement of the adjustment index for the determination of the restatement coefficient, substituting the IPIM for a coupling between the IPIM and the National Consumer Price Index (CPI).

Notes to the Separate Condensed Individual Interim Financial Statements
At September 30, 2018 presented in comparative format (Contd.)

NOTE 2 – ACCOUNTING POLICIES (Contd.)

6) Foreign currency translation (Contd.)

However, it must be taken into account that at the time of issuance of these financial statements, Decree PEN 664/03 is in force, which does not allow the presentation of restated financial statements before the CNV. Therefore, the Company has applied for the preparation of such financial statements, the accounting presentation bases described in the first point of this Note.

In an inflationary period, any entity that maintains an excess of monetary assets over monetary liabilities will lose purchasing power, and any entity that maintains an excess of monetary liabilities over monetary assets will gain purchasing power, provided that such items are not subject to a mechanism of adjustment

Briefly, the restatement mechanism of IAS 29 establishes that monetary assets and liabilities will not be restated since they are already expressed in the current unit of measurement at the end of the reporting period. Assets and liabilities subject to adjustments based on specific agreements will be adjusted in accordance with such agreements.

The non-monetary items measured at their current values at the end of the reporting period, such as the net realization value or others, do not need to be restated. The remaining non-monetary assets and liabilities will be restated by a general price index. The loss or gain from the net monetary position will be included in the net integral result of the reporting period, revealing this information in a separate line item.

The Company is carrying out the necessary actions to implement the application of the adjustment for integral inflation which requires efforts on various issues, such as training, certain modifications to the systems, search for historical information, among other relevant issues. Management understands that these actions will be concluded with the issuance of the next financial statements.

As of September 30, 2018, the restatement criteria of the financial information established in IAS 29 have not been applied. However, in recent years' certain macroeconomic variables that affect the Company's businesses, such as the cost of salaries and the prices of inputs, have undergone significant annual variations. This circumstance must be considered in the evaluation and interpretation of the financial situation and the results presented by the Company in these financial statements.

NOTE 2 – ACCOUNTING POLICIES (Contd.)

6) Foreign currency translation (Contd.)

Transactions and balances

Transactions in foreign currency are translated into the functional currency using the exchange rates prevailing at the transaction dates (or valuation where items are re-measured).

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end of the assets and liabilities denominated in foreign currency are recognized in the statement of comprehensive income.

Foreign exchange gain and losses are shown in “Finance Income” and/or “Finance Expense” of the comprehensive statement of income.

Exchange rates used are the following: buying rate for monetary assets and selling rate for monetary liabilities, applicable at year-end according to Banco Nación, and at the foreign currency exchange rate applicable at the transaction date.

7) Contingencies

The Company has contingent liabilities for litigations related to the ordinary course of business.

No significant liability is expected to arise from contingent liabilities different from the reserved ones.

8) Changes in accounting policies

a) New rules and modifications adopted by the Company

The following standards and modifications have been adopted by the Company for the nine-month period ended at September 30, 2018:

IFRS 9, "Financial Instruments"

The Company adopted IFRS 9 issued in July 2014, which resulted in changes in accounting policies and adjustments to the figures recognized in the Separate Individual Financial Statements for the year ended December 31, 2017.

This standard replaces the previously issued versions and establishes new requirements for hedge accounting and a new impairment model for financial assets, applicable to annual periods beginning on or after January 1, 2018.

Aeropuertos Argentina 2000 S.A.

Registration number with the Superintendency of Corporations: 1645890
Notes to the Separate Condensed Individual Interim Financial Statements
At September 30, 2018 presented in comparative format (Contd.)

NOTE 2 – ACCOUNTING POLICIES (Contd.)

8) Changes in accounting policies (Contd.)

The new impairment model requires the recognition of provisions for impairment based on the expected credit losses, instead of credit losses incurred under IAS 39.

The accounting policies were modified to comply with IFRS 9 issued by the IASB in July 2014.

IFRS 9 replaces the provisions of IAS 39 that relate to the recognition, classification and measurement of financial assets and financial liabilities; decreases in financial instrument accounts; impairment of financial assets and hedge accounting. IFRS 9 also significantly modifies other standards related to financial instruments such as IFRS 7 Financial Instruments: Disclosures

As permitted by the transitional provisions of IFRS 9, the Company has chosen not to change the comparative figures.

The total impact on the accumulated results of the Company due to the classification and measurement of financial instruments as of January 1, 2018 is as follows:

Accumulated results as of December 31, 2017 - IAS 39	2,684,484,995
Decrease in the allowance for bad debts, net	54,054,111
Accumulated results as of January 1, 2018 - IFRS 9	2,738,539,106

- IFRS 15 "Revenue from ordinary activities from contracts with customers"

Management evaluated the effects of the application of the new standard and has not identified that the application of IFRS 15 may affect the timing of recognition of future income of the Company.

There were no other additional changes in the accounting policies of the Company based on the effective application standards as of January 1, 2018 described above.

NOTE 2 – ACCOUNTING POLICIES (Contd.)

8) Changes in accounting policies (Contd.)

- a) *New standards and amendments issued, but which do not result in effective application as of September 30, 2018 and have not been adopted by the Company*

IFRS 16 “Leases”

In January 2016, the IASB issued IFRS 16 "Leases", which establishes new principles for the recognition, measurement, presentation and presentation of lease contracts, highlighting the elimination of the operational and financial classification established by IAS 17 and the adoption, in its replacement of a treatment similar to that provided to financiers under said rule, for all lease agreements. These contracts must be disclosed as leased assets (assets with a right to use) or within fixed assets at the present value of the lease payments. If the Company makes periodic payments, it must additionally recognize a financial liability that represents the obligation to make future payments for the lease. IFRS 16 does not require the lessee to recognize assets and liabilities in the case of short-term leases or leases of low-value assets. The application of these new requirements will result in an increase in lease assets and financial liabilities recognized in this type of transaction. This standard is applicable to annual periods beginning on or after January 1, 2019, allowing early application if IFRS 15 is applied.

The Company has no intention of adopting this standard in advance.

Net Balance at September 30	<u>16,736,979,061</u>	<u>7,000,295,652</u>

On February 6, 2017, the Company issued negotiable obligations for US\$400,000,000 with maturity on February 1, 2027, with an interest rate of 6.875% and an issue price of 99.888% par value. Payment of principal will have a quarterly amortization in 32 quarters, identical and consecutive, payable from May 1, 2019.

These negotiable obligations are guaranteed by a Trust under the Argentine Law, by which the Company has transferred and assigned use fees of international and regional airports and the Concession Indemnification Rights. This guarantee has been approved by the ORSNA on January 17, 2017, through Resolution N° 1/2017, that resolved to “*authorize the Concession (...) a collateral assignment of up to US\$ 400,000,000 (...)*”.

NOTE 6 – BORROWINGS (Contd.)

According to the Offering Memorandum of Negotiable Obligations, dated January 19, 2017 and later modified on January 23, 2017 the Company will use the proceeds of the offering notes in compliance with Article 36 of the Negotiable Obligations Law to (i) refinance the liabilities of the Company including (a) the total payment of negotiable obligations issued on December 22, 2010; and (b) negotiable obligations Class “A” and Class “C”, issued by the Company in Argentina on April 21, 2010, plus accrued and unpaid interest to the date of redemption and the applicable prepayment premiums as long as they have not been redeemed before issue date and maturity with the Company’s funds and (ii) the remainder will be applied to finance infrastructure works in the airports of Group A of the Company. On January 23, 2017, the negotiable obligations issued in April 2010 were redeemed in full with the Company’s own funds, so the amount equivalent to the mentioned redemption will be aimed at infrastructure works in the airports of the Company belonging to Group “A” of the National System of Airports.

On March 13, 2017 it made an early and whole redemption of the remaining value of negotiable obligations issued in December 2010 for the amount of principal of USD 157,500,000.

At December 31, 2017 the item Cash and Cash Equivalents of the statements of Financial Position included \$490,566,044 to guarantee the payment of negotiable obligations valid at that date and early redeemed before the end of September 30, 2017

At September 30, 2018 the reasonable value of negotiable obligations issued in February 2017 is of \$16,312,380,160. Such method of valuation is classified according to NIIF 13 as hierarchy of reasonable value Level 2 (quotation prices (not adjusted) in active markets for identical assets or liabilities).

NOTE 7 – BALANCES AND TRANSACTIONS WITH RELATED PARTIES (Contd.)

In connection with foreign exchange transactions related to the technical and administrative assistance agreements with Corporación América Sudamericana and Ogden Corporation, on November 23, 2012 The Company was notified of a foreign exchange summon initiated by the Banco Central de la República Argentina (Central Bank of the Argentine Republic or BCRA) regarding compliance with the existing legislation. On February 4, 2013, AA2000 presented defense procedures to the BCRA rejecting the allegations of such entity. In July 2016, sentence was passed favorable to the Company, non-appealable at the time of presentation of these financial statements.

In June 2016, the Company received a determination from the Federal Administration of Public Revenue (AFIP) objecting the abovementioned items corresponding to the fiscal years 2009 to 2012 resulting in a claim for unpaid income tax based on considering those foreign exchange transactions as undocumented payments. On August 3, 2016, the Company appealed the mentioned determinations to the Argentine Tax Court.

Although the Company considers it has solid arguments to demonstrate the authenticity of the management and administrative services provided by Corporación América Sudamericana S.A., it decided to enter the Extraordinary Tax Law to regularize tax obligations established by Law N° 27.260. According to the Law, benefits of adhesion consist in the suspension of ongoing tax actions, extinction of the criminal tax action, remission of fines and other penalties non executable at the time of adhesion and reduction of interest. The corresponding debt for this item is registered in commercial accounts payable and others, current and non-current.

Corporación America S.A. is the direct owner of 45.90% of the common shares of the Company, and an indirect owner through Corporación America Sudamericana S.A of 29.75% of the common shares of the Company, therefore is the immediate controlling entity of the Company.

Corporación America S.A is controlled by Cedikor S.A, which is the owner of the 95.37% of its capital stock. Cedikor S.A is 100% controlled by American International Airports LLC which is 100% controlled by Corporación America Airports S.A.

The ultimate beneficiary of the Company is Southern Cone Foundation. Its purpose is to manage its assets through decisions adopted by its independent Board of Directors. The potential beneficiaries are members of the Eurnekian family and religious, charitable and educational institutions.

NOTE 15 – RESOLUTIONS OF SHAREHOLDERS’ ORDINARY AND SPECIAL MEETINGS OF CLASS A, B, C AND D SPECIAL OF PREFERRED SHARES OF AEROPUERTOS ARGENTINA 2000 S.A. HELD ON APRIL 26, 2017 AND APRIL 9, 2018

The general ordinary and special meeting of class A, B, C and D and special of preferred shares held on April 26, 2017 decides among other issues:

- That the income of the year ended at December 31, 2016 has the following destination:
 - (i) \$63,338,434 for the constitution of the legal reserve;
 - (ii) \$12,096,360 to the distribution of dividends corresponding to the preferred shares subscribed by the Argentine National Government according to the resolutions of the general extraordinary meeting of the Company’s Shareholders held on March 6, 2008 and clause 14 and attachment VII of The Memorandum of Understanding for the Restatement of the Concession Agreement, payable in preferred shares;
 - (iii) the remaining of \$1,933,656,787: (a) \$1,180,000,000 to the distribution of dividends in cash among shareholders of class A, B, C and D of shares, according to their subscription; and (b) \$753,656,787, together with the facultative reserve for compliance of works for the year 2016, to the total amount of \$963,656,787, to guarantee payment of future dividends.
- issue 12,096,360 preferred shares of \$1 par value under the same terms of the preferred shares issued in favor of the Argentine National Government as per class A, B and C Shareholders General Extraordinary and Special Meeting held on March 6, 2008;
- increase the capital stock from \$863,335,292 to \$875,431,652, i.e., in the amount of \$12,096,360, through the issuance of 12,096,360 preferred shares of \$ 1 par value, with no vote;
- that the preferred shares are subscribed fully by the Argentine National Government;
- delegate in the Board of Directors the registry in the Shareholders’ Registry of the capital stock increase decided; and
- delegate in the Board of Directors the time and opportunity of distribution of dividends to the shareholders of ordinary shares class A, B, C and D, according to cash flow, based on their subscription. To that purpose, it will be considered the request of the National Government to apply an equivalent amount to the dividends distributed to the Works of infrastructure additional to the contract commitments and any other commitment undertaken by the Company in the National System of Airports.

Debts with Companies of Art. 33 of Law No. 19,550 (Cont.)

Also, see Note 7 to these financial statements.

Trade receivables or borrowings against directors, trustees, members of the supervisory board and their relatives up to and including the second degree. For each person it will be indicated the maximum balance during the year (expressed in closing currency), the balance at the date of the financial statement, the reason for the credit, the currency in which it was granted and the clauses for monetary update and interest rates applied. They do not exist.

Physical inventory of inventories

Periodicity and scope of physical inventory of inventories. If there are assets of significant immobilization over time, for example more than one year, indicate their amount and if the corresponding provisions have been made.

They do not exist.

Current values

Sources of data used to calculate the current values used to value inventories, fixed assets and other significant assets. As an exception, the cost of the last purchase restated at the end of the fiscal year is admissible for inventories.

See Note 2 to the present Financial Statements.

Fixed assets

In the case of the existence of technically revalued use assets, indicate the method followed to calculate the reversal of the exercise of the "technical revaluation reserve" when part of it had been previously reduced to absorb losses.

They do not exist.

The total value recorded in the balance sheet of the unused useable assets must be reported.

They do not exist.

Participation in other companies

Participations in other companies in excess of what is allowed by article 31 of Law No. 19,550 and plans to regularize the situation.

They do not exist.

Recoverable values

Criteria followed to determine the significant "recoverable values" of inventories, fixed assets and other assets, used as limits for their respective accounting valuations.

See note 2 to the present Financial Statements.

Insurance

Insurance that covers tangible assets. For each homogeneous group of assets, the risks covered, the sums insured and the corresponding book values will be recorded.

Risk covered	Amount insured	Residual book value
	Thousands of \$	
Fire	132,820,314(1)	13,339,414
Vehicles	100,146(2)	75,947
Machines and Equipment	347,940(2)	292,945

(1) The amount insured includes real estate of third parties.

(2) The amount insured includes equipment owned by the Argentine Air Force and leased equipment.

See note 1 to the present financial statements.

Positive and negative contingencies

Elements considered to calculate the provisions with balances, considered individually or together, that exceed two percent (2%) of the equity.

Provision for Bad debts

It covers the risk of bad debts of accounts receivable and has been calculated taking into account a study of the possibility of collection of credits based on experience, credit policy and position, considering the amount estimated for such provision as reasonable and sufficient.

Provision for Bad debts (Contd.)

Contingent situations at the date of the financial statements whose probability of occurrence is not remote and whose patrimonial effects have not been accounted for, indicating whether the lack of accounting is based on their probability of being specified or on difficulties in quantifying their effects.

See notes 2 to the present Financial Statements.

Irrevocable advances on account of future subscriptions

State of the procedure addressed to its capitalization.

They do not exist.

Cumulative unpaid dividends of preferred shares.

See note 9.

Conditions, circumstances or terms for the cessation of restrictions on the distribution of the unallocated results, including those that arise from the effect of the legal reserve to absorb final losses and are still pending reimbursement.

See notes 16 and 17.

REPORT ON REVIEW OF SEPARATE CONDENSED INDIVIDUAL INTERIM FINANCIAL STATEMENTS

To the Shareholders, Chairman and Directors of
Aeropuertos Argentina 2000 S.A.
Legal address: Suipacha 268 - Floor 12°
Autonomous City of Buenos Aires
Tax Code: 30-69617058-0

Introduction

We have reviewed the accompanying separate condensed individual interim financial statements of Aeropuertos Argentina 2000 S.A. ("the Company") including the separate statement of financial position as at September 30, 2018, the separate statement of comprehensive income for the nine and three months periods ended September 30, 2018 and the separate statements of changes in shareholders' equity and of cash flows for the nine-month period then ended and the selected explanatory notes.

The balances and other information for the year 2017 and for its interim periods are an integral part of these financial statements and, therefore, they should be considered in relation to those statements.

Board Responsibility

The Company's Board of Directors is responsible for the preparation and presentation of these separate condensed individual interim financial statements in accordance with the accounting framework established by the National Securities Commission (CNV). As indicated in note 2 to the accompanying financial statements, this accounting framework is based on the application of the International Financial Reporting Standards (IFRS) and, in particular, of the International Accounting Standard 34 "Interim Financial Information" (IAS 34). These standards are adopted by the Argentine Federation of Professional Councils in Economic Sciences (FACPCE) and were used in the preparation of the financial statements with the only exception of application of the International Accounting Standard 29 (IAS 29), which was excluded by the CNV from its accounting framework.

Scope of review

Our review was limited to the application of the procedures established in the International Standard on Review Engagements 2410, 'Review of interim financial information performed by the independent auditor of the entity', which was adopted as review standard in Argentina by Technical Pronouncement No. 33 of the FACPCE, as approved by the International Auditing and Assurance Standard Board (IAASB). A review of interim financial information consists of making inquiries to the company personnel responsible for the preparation of the information included in the separate condensed individual interim financial statements and in the performance of analytical and other review procedures. This review is substantially less in scope than an audit conducted in accordance with International Auditing Standards, and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on the separate statement of financial position, the separate statements of comprehensive income and cash flows of the Company.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the separate condensed individual interim financial statements mentioned in the first paragraphs, have not been prepared, in all material respects, in accordance with the accounting framework established by the CNV.

Emphasis of matter

Without qualified our conclusion, we draw attention to Note 2.1 to the accompanying separate condensed individual interim financial statements, which describes that the Company has restated the comparative figures corresponding to the period ended on September 30, 2017.

Likewise, we draw attention to note 2.6 to the accompanying separate condensed individual interim financial statements, which qualitatively describes the difference between the accounting information framework of the CNV and the IFRS, considering that the application of IAS 29 was excluded by CNV from its accounting framework.

Report on the compliance with current regulations

In accordance with current regulations, in connection with Aeropuertos Argentina 2000 S.A., we report that:

- a) the separate condensed individual interim financial statements of Aeropuertos Argentina 2000 S.A. have been transcribed into the “Inventory and Balance Sheet” book and, insofar as concerns our field of competence, are in compliance with the provisions of the General Corporations Law and pertinent resolutions of the National Securities Commission;
- b) the separate condensed individual interim financial statements of Aeropuertos Argentina 2000 S.A. stem from accounting records kept, in all formal aspects in conformity with legal regulations;
- c) we have read the additional information to the Notes to the separate condensed individual interim financial statements required by Section 12, Chapter III, Title IV of the Regulations of the National Securities Commission, on which, insofar as concerns our field of competence, we have no observations to make;

“Free translation from the original in Spanish for publication in Argentina”

- d) as of September 30, 2018, Aeropuertos Argentina 2000’s accrued debt with the Argentine Social Security System, which stems from the accounting records and liquidations of the Company, amounted to \$ 49,336,413, which was not yet due at that date.

Autonomous City of Buenos Aires, November 5, 2018.
